LIMITS:NO LIMITS

Dear Friend/Supporter of Art All-State:

We are beginning to collect materials for use in Art All-State installations, and we need your help. As you know, the students and artists transform large spaces into works of art, and therefore require large quantities of materials – usually recycled, and unusual materials. Given the restrictions of “Limits/No Limits”, each group will have some materials unique to them though all may have such things as tape, or staples (for example).

Those of you who have come out to Art All-State in the past may recall the use of such things as: plastic bags, balloons, yarn, cardboard, paper, binders, tennis balls, rope, fabric, socks, etc. Think about what you may be able to collect (in large quantities) over the next few months, and contact June Krinsky-Rudder (jkrudder@revere.mec.edu) to let her know where you are located, and what you will collect.

We (the Art All-State Steering Committee – which can always use your help) will determine some drop-off/pick-up locations based on where materials are being collected, and will figure out the best way to get materials from you in the spring (possibly during the April vacation).

Tax-deductible donations to Art All-State (to allow us to purchase some materials, or to rent a van/truck to transport materials) are also welcome. Please contact our program director, Kristi Oliver at artallstate@umassd.edu to arrange for monetary or other donations.

Thank you!

Most sincerely,

June Krinsky-Rudder
AAS Materials Coordinator
